

FINES MAN \$100 FOR HAVING "JAKE"

GREENWOOD, Miss., March 24. (Sp.)—J. B. Meriwether was arrested again Saturday afternoon, when Chief of Police C. L. Bonner and Officer Paul White searched his place of business and found a quantity of Jamaica ginger, which contained 90 per cent alcohol.

Meriwether was tried in Mayor E. V. Houston's court and was fined \$100 and costs on two counts, as he was arrested by city officers a week ago on a similar charge.

Monday morning he was tried in the justice court at the courthouse before Judge R. H. Hicks and was given a 30-day fine and a 30-day sentence, while was the same penalty given last week when he was brought before Judge Hicks.

Meriwether is now facing four months' sentence and fines imposed in the city and justice court total \$1,300.

Amusements

Richard Carle.

From every section of the country where Richard Carle and his big company of funmakers, singers and dancers have appeared in Alexander Johnson's remarkable musical comedy success, "Sunshine," reports are to the effect that it is by far the best of all musical comedies. Mr. Carle and his company come to the Lyric on Thursday, Friday and Saturday. In all cities capacity houses have been the rule. Mr. Carle and his company come here intact, the same identical cast and production seen in all the large cities in the past 72 weeks. There is no No. 2 company of "Sunshine" so patrons can be assured for one time that there is actually to be seen the original production. Twenty big song hits are to be found in the musical score. The feature of the "Sunshine" company is their own special symphony orchestra of trained musicians which adds materially to the successful rendition of the show. Zella Rameau, former prima donna of the Chicago Grand Opera company, has the role of Sarah. The story of "Sunshine" is laid in Southern Spain and tells a beautiful story of love and romance. In addition to the excellent book by William Carey Duncan, Mr. Carle introduces many of his own clever original puns and witticisms, which adds much to the general humor of the show.

Loew's Lyceum.

A treat for the kiddies is promised at Loew's Lyceum Thursday, Friday and Saturday, when Barnold's famous dog and monkey act will be heard in a one-act pantomime called "A Hot Time in Dogville." The 12 canine actors and five monkeys, which take part in the act, are said to go through their roles in a remarkably clever manner and develop well-defined plots.

Aaron Hoffman's latest vaudeville sketch, "Falling for Her," will be presented by Jim Hallett and Jeanette Noble. "A Business Proposal," a one-act comedy playlet will be offered by Jeff Wadley and company. The University Trio, introducing three college boys in a variety of songs, and Kennedy and Kramer, eccentric dancers, also will be seen.

"The Last Straw," a thrilling western picture, with Buck Jones, the new cowboy idol of the screen in his first appearance here, will be the film attraction. Jones was formerly the champion cowboy of the A. B. F. Upon his return to the states he signed a movie contract.

A GRATEFUL WOMAN'S STORY. Mrs. Robert Blair, 461 S. 20th St., Terre Haute, Ind., writes: "I suffered two years with kidney and bladder trouble. After taking Foley Kidney Pills a few short weeks I found my trouble gradually disappearing. The backaches stopped and I am also free from those tired spells and headaches, and my vision is no longer blurred. Foley Kidney Pills help the kidneys keep the blood clean and eliminate the impurities that cause backache, rheumatic pains, sore, stiff and swollen joints and muscles." adv.

THIS WILL INTEREST STOMACH SUFFERERS

Says Indigestion Comes From an Excess of Hydrochloric Acid.

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, water-brash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is overeating, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results. adv.

Is Your Guard Down?

Every man is a fighter, though he may not be a pugilist. His daily task is his fight—and he needs to be fit and ready for it.

Constipation to the business fighter is the "out-of-condition" of the pugilist. Constipation not only makes the business fighter dull and slow, and unfit for effort, but it is the "lowered guard" that leaves the opening for the jarring blows of serious disease.

By an entirely new principle Nujol keeps the poisonous food waste moving out of the body. Every other form of treatment either irritates or forces the system. Nujol works on the waste matter instead of on the system.

Nujol prevents constipation by keeping the food waste soft, thus helping Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

It is absolutely harmless and pleasant to take—try it.

Nujol is sold by all druggists in sealed bottles only, bearing Nujol trade-mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger."

A New Method of Treating an Old Complaint

Dentistry That Lasts Is the Only Kind to Consider

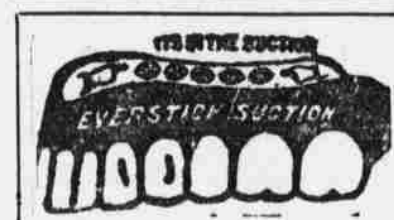

Even though the price is low, if the quality of the materials used is inferior and the workmanship barely passable, then you are paying dear for dental work that will never prove satisfactory and which probably will have to be replaced in a very short time.

We Promise You Expert Professional Service in Every Case at the Lowest Fee Possible for Good, Reliable Work.

WE HAVE OUR OWN LABORATORY

And specialize in artificial teeth. This gives us an advantage over other dentists who have their laboratory work done outside of their own offices, as we supervise every detail of the work ourselves and thus can insure a perfect fit without annoying delays.

All Work Guaranteed or No Charge

SETS OF TEETH

Every set of teeth is positively guaranteed to give the exact "bite" and to perform every function naturally. They must give you perfect satisfaction or they cost you nothing. **\$5 UP**

Bridgework

BURNS FATAL TO GREENWOOD GIRL

GREENWOOD, Miss., March 24. (Sp.)—The tragic death of Annie Boswell, 14 years old, which occurred Monday night at 7:45 o'clock, as a result of severe burns which she received early Saturday morning, has brought genuine sorrow to her schoolmates and many friends, as she was greatly beloved. She received serious burns when her night clothing caught on fire, while she was standing in front of the grate. The child became frightened and ran out into the gallery and through two rooms in search of her parents, fanning the flames as she ran. Her father smothered the flames off with his coat, but the little girl was fearfully burned before he could reach her. Her shoulders, arms, hands and back were scorched. From the very first it was realized that her con-

Gained Twenty Pounds On Three Bottles Of Tanlac and Feels Like a Different Man.

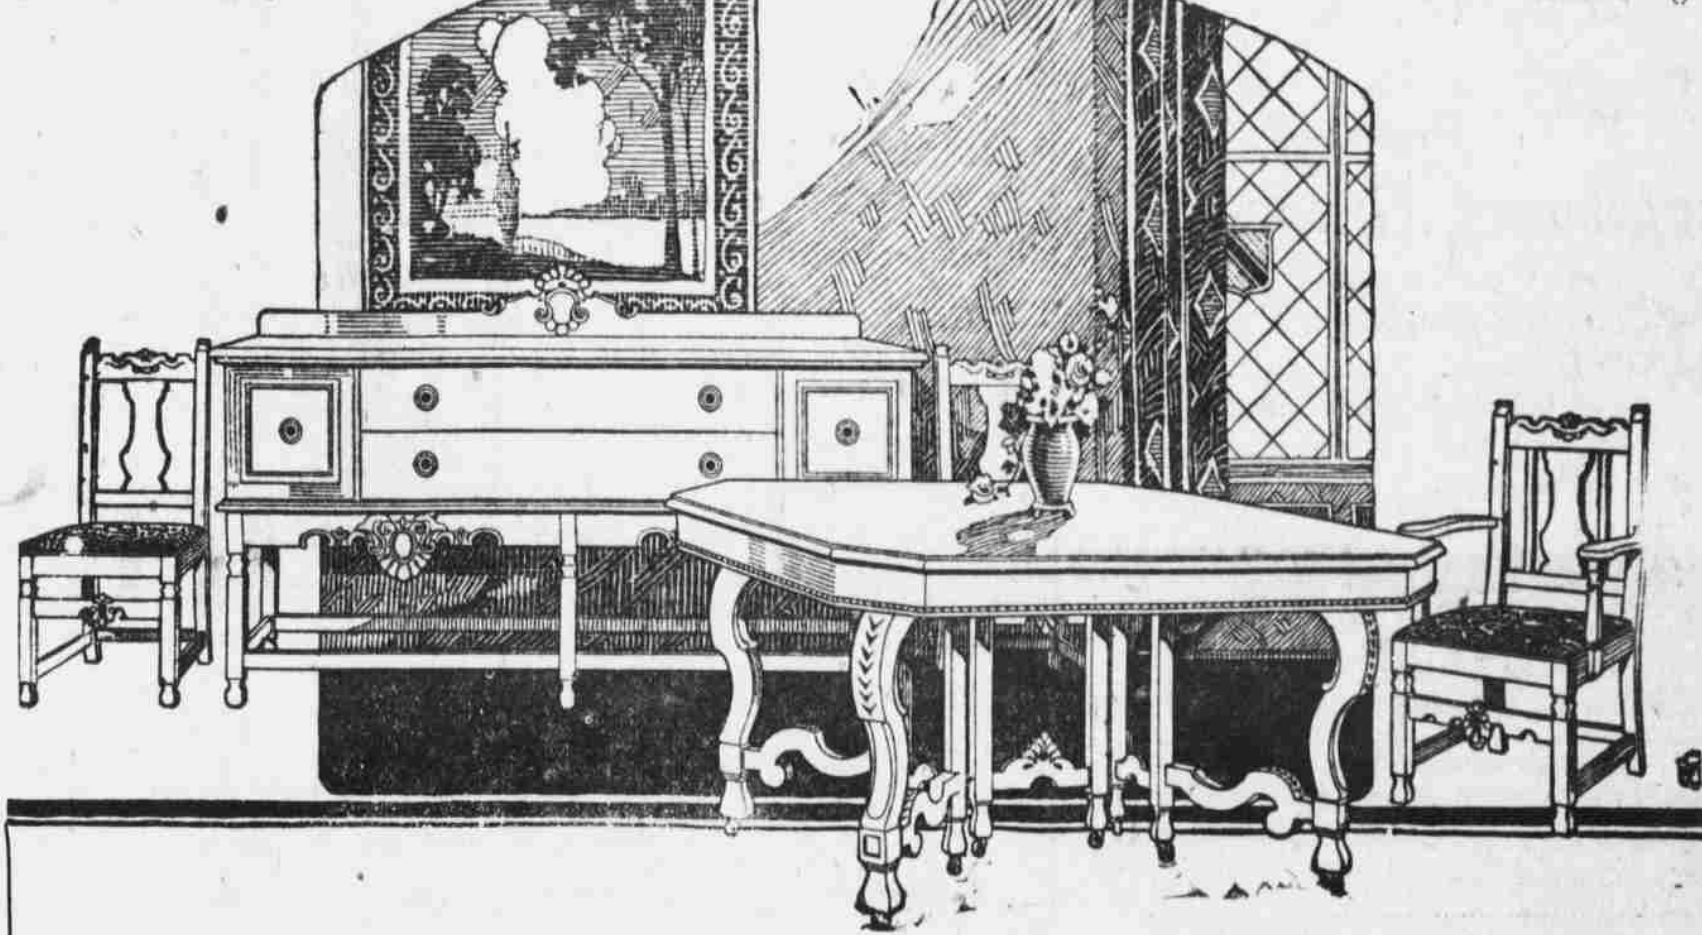

"I CAN'T PRAISE IT TOO HIGHLY," HE STATES

Had Long Suffered From Indigestion, Nervousness and Badly Run Down Condition With No Relief.

Dr. W. H. Cole, optometrist with offices in the McCrory building and residing at 1217 18th street, Huntington, is still another prominent West Virginian who comes forward with his unqualified endorsement of Tanlac, and when men of this type testify it can not be doubted that the Master Medicine is all that is claimed for it. "As far as relieving physical ailments, such as I have suffered from, is concerned," said Dr. Cole while discussing the merits of Tanlac, at his office, a few days ago, "Tanalac in my judgment is the finest medicine on the market. The results I have gotten from it are nothing less than wonderful. I have taken three bottles now for a case of indigestion, nervousness and a run-down condition, and while I don't ask anyone to take my word for it, I am feeling like an entirely different man and have also gained twenty pounds in weight."

"I had no appetite and my digestive and assimilative organs were in such bad shape that what little I did manage to eat seemed to do me no good."

The Charm of Period Furniture

Period furniture has persisted through the changing centuries of civilization down to the present day. To own and enjoy period furniture is not a "fad." Rather it is but an indication of good taste and discrimination in the proper appreciation of the fact that period furniture lives today because the old master craftsmen, such as Chippendale, Adam Bros., etc., were not only furniture makers, but artists as well. So truly did they interpret beauty that today their work and influence is evident in homes wherever harmonious furnishings are found, and strangely, too, period furniture

Never Grows Old

Just as in the middle ages and in the successive centuries the styles developed reflected the spirit of the people, so now do the modern adaptations indicate an awakening interest in better, more comfortably furnished homes. You buy furniture but seldom, and if you choose period furniture you are buying something that will give you a lifetime of service or more. Period furniture never goes out of style. It is always in the best of good taste, but it should be authoritative in design with all the historical motifs properly executed and in harmony. Because of our knowledge of period furniture, we can be of real assistance in showing you some of the very finest period styles for every room in the home. The range of selection is very wide and prices are moderate.
